Dear Mr Schofield

Slough Academy: Statement of Intent

As potential lead sponsor for this project we note the content of your Statement of Intent dated 23 March.

Whilst we look forward to expressing our vision for the future of Catholic education in Slough, the dates indicated in your letter for the delivery of new build accommodation have at no time being discussed with the Diocese. We look forward to developing in consultation with Slough Borough Council and the Department a vision and a time frame which may be acceptable to all stakeholders.

Yours sincerely
